DARCO

WE WANT YOU! YOUR PATIENTS NEED YOU! YOU NEED US!

Routine care is a fundamental part of podiatry and **THE** most important part of any practice.

There is a time and place for surgery but all patients need routine care.

The majority of successful practices in the country are routine care with surgery mixed in or 100% routine care.

Dr. Jill's Foot Pads, Inc. would like to ask you for an opportunity to help you build your practice.

- More Knowledge
- More Selection
- More Savings
- More Patients
- MADE IN USA
- Podiatrist owned

Thank you,

ClearZal BAC Nail System

The first kit to include a Nail Treatment for Infected Nails and a Foot Sanitiser to Spray on the feet and into shoes to kill the germs that cause cross contamination for healthy feet and nails. No need to wait for nails, feet or shoes to dry - treat and go!

ClearZal Complete Foot & Nail System Kit

ClearZal is a cost effective topical solution for the treatment of infected areas. The active ingredient in ClearZal BAC has long been used as a broad spectrum germ killing agent to kill fungus and bacteria. It kills more microbes than just an anti-fungal agent alone. This is the key to healthy looking nails. A clear solution that treats the entire infection of the nail, other nail solutions only treat the fungus. The ClearZal BAC formula includes aloe as a healing soothing agent for the skin area around the nail. ClearZal acts promptly to target and kill fungus and bacteria allowing for the natural re-growth of a healthy looking nail. The complete system includes a nail file

ClearZal BAC Nail System

The first kit to include a Nail Treatment for Infected Nails and a Foot Sanitiser to Spray on the feet and into shoes to kill the germs that cause cross contamination for healthy feet and nails. No need to wait for nails, feet or shoes to dry - treat and go!

ClearZal Complete Foot & Nail System Kit

ClearZal is a cost effective topical solution for the treatment of infected areas. The active ingredient in ClearZal BAC has long been used as a broad spectrum germ killing agent to kill fungus and bacteria. It kills more microbes than just an anti-fungal agent alone. This is the key to healthy looking nails. A clear solution that treats the entire infection of the nail, other nail solutions only treat the fungus. The ClearZal BAC formula includes aloe as a healing soothing agent for the skin area around the nail. ClearZal acts promptly to target and kill fungus and bacteria allowing for the natural re-growth of a healthy looking nail. The complete system includes a nail file

CLEANING AND LUBRICATION

- ✓ Rinse with warm water before instruments which have been exposed to blood, tissue, saline or any other foreign matter can dry.
- ✓ Stubborn particles can be removed with a nylon scrub brush.
- ✓ Never use steel wool, abrasives or an acid rinse.
- ✓ Open all instruments and clean: box locks, serrations, hinges
- ✓ Disassemble instruments where this is possible
- ✓ Avoid pilling instruments on top of one another during the cleaning process
- ✓ Check instruments function – tips, hinges, sharpness, inserts
- ✓ Follow manufacturer's instructions for use with cleaning solutions
- ✓ Lubricate all moving parts after cleaning
- ✓ Avoid Silicone lubricants as they tend to build up and mix with debris to clog moving parts. Debris build up can have a "rust like" appearance.
- ✓ Sterilize prior to use
